

The *You Are Hear* listening benches reveal glimpses of our county's diverse heritage. Each bench plays six recordings about the local area: keep pressing the buttons to hear them all.

Volunteers from each community have put together the clips for their bench, from recordings in the Essex Sound and Video Archive.

Enjoy memories of school, shopping, play, and local events – stories about Essex places told by Essex people.

Visit our website for more information, where you can also find dates and locations for our two touring listening benches.
